

Chief Judge NANCY J. Rosenstengel 3-2-2022

I would like to file a motion for leave to amend complaint against DR Steven young, to address the nerve damage also the fact that the pin/screw in my arm is now protruding out of the bone and muscle just under the skin. I can't use the arm most of the time or even the slightest touch causes extreme pain. I would also like to file a motion for appointment of counsel. I'm illiterate and have to depend on other inmates to help me, which is hard with the prison being on a covid lockdown quarantine where I can't get to the law library. It's hard to meet deadlines because I can't get responses from medical or security staff here who cite covid being the issue.

Thank you
